Width restriction in place on ND Highway 3 north of Harvey

Crews will begin construction of a temporary road grade raise today due to flooding on ND Highway 3, approximately four miles north of Harvey. During construction:

- Traffic speeds will be reduced
- A width restriction of 12 feet will be in place
- Flaggers may be present.

Motorists are encouraged to use caution while traveling, as vehicles that leave the roadway may become immersed in high water. Motorists should also be aware that areas with water on the road may become icy as temperatures drop below freezing. For road information, call 511 from any type of phone or go to the website: www.dot.nd.gov.

NDDOT will provide a comprehensive update on all flooded road conditions throughout the state later this afternoon.
